President Falconer, C. M. G.,
University of Toronto,
Toronto.

Dear Dr. Falconer:-

We are arranging to send out a number of short articles to the smaller papers printed in the country throughout the Province of Ontario which we feel sure they will publish, and which we hope will give some stimulus to the National Registration. I know you are ^{very} ~~very~~ at the present time, and hesitate to ask you to undertake any other work, but if you could see your way to writing a couple of articles for us it would be a great help. The articles should be about 275 words long, and whatever side of the question you think would be useful, will fit in with our plans.

If you can manage to do this, will you please send the articles to Mr. R. B. Henderson, Traders Bank Bldg, who is acting as clearing house for all of the writers.

Yours very truly,

AHC:IMP

Dear Mr. Campbell:

I am sending you a cheque and a letter from Mrs. Sloan. It is a pity that whoever sent the circular to her was not aware of her husband's death. I have apologised to Mrs. Sloan for the oversight.

I shall be glad to endeavour next week to write the two articles for the country papers with regard to the necessities for national registration.

I am,

Yours sincerely,

President.

Dear Mr Campbell:

I have consented to president at the meeting in Massey Hall on January 4th. when Miss Ward will lecture on behalf of the Serbian Relief Fund under the auspices of the Suffrage War Auxiliary. The Secretary has asked me to ask the officers of the Canadian Serbian Relief to be present on that occasion, on the platform also. I hope that the Executive may be able to support me on that occasion.

With kind regards, I am

Yours sincerely,

President.

Dear Mr. Campbell:

I am sending you a letter which I have just received from Colonel Barrie. You may remember that I brought this matter up before the Committee about a month ago. The project seems to me to be a very good one, but I do not see how we could afford to become responsible for \$20,000 for six months, together with what it would involve in continued maintenance thereafter.

Will you let me have your opinion and return the letter to me as soon as possible in order that I may answer Colonel Barrie?

Yours sincerely,

President.

Office of the Prime Minister

Toronto, April 4th 1917

Dear Sir;

I have your letter of the 2nd inst. enclosing resolution passed at a meeting of the Speakers' Patriotic League, and have carefully noted its contents. I am, however, unable to quite appreciate the point your Committee had in mind when passing this resolution. No resolution of the Legislature is necessary in order to enable the Government to take whatever course is deemed proper within its powers in respect of the matters referred to in the resolution, and no resolution of the Legislature could enable us to undertake or perform matters beyond the jurisdiction of the Legislature.

This Government, through the Resources Committee and otherwise, has offered to assist and co-operate with the Dominion Government in any way possible in the prosecution of the war and is not only willing but anxious to prevent any unnecessary duplication of effort.

I cannot see what further action this

this
Government can properly take. As you are
aware, this Government has no power over
military service, compulsory or otherwise.

Yours truly
W. H. Hearst.

A. H. Campbell Esq

MOVED BY R. B. Henderson,

SECONDED BY John H. Moss

and RESOLVED THAT

THE COUNCIL OF THE SPEAKERS' PATRIOTIC LEAGUE,

HAVING in view :

(1) That the people of Ontario are practically unanimous in endorsing the pledge which has been given on behalf of Canada to prosecute the War to the utmost limit of our resources in Men, money and production;

(2) That notwithstanding the splendid response from this Province for Overseas Service, the people of the Province will not be satisfied, that the men at the front should lack admittedly necessary reinforcements, whilst there are still in Ontario men eligible for Overseas Service;

(3) That the people of the Province welcome the campaign for further production now being undertaken by the Legislature through the organization of Resources Committee;

(4) That necessary enlistment, maximum production, and adequate labour for the industries of the Province essential to the Winning of the War, can be obtained only by compulsory selection, and that a proper selection can be made only by co-ordinating enrolment for Military, with enrolment for other National Service;

RESPECTFULLY SUGGESTS :

That in order to carry out the above purpose the Provincial Legislature pass a resolution asking its Government to approach the Dominion Government with a view to having selection for Military and for other National Service co-ordinated and made compulsory in the Province of Ontario.

Carried unanimously

at Council meeting

2nd April, 1917.

Dear Mr. Campbell:

I am enclosing you a letter. Will you be kind enough to let me know your opinion? It seems to me doubtful whether we could agree to this gentleman's terms. What the Cuban Mission is I do not know and it would be necessary for us to have a considerable outlay and to endorse a gentleman about whose work I presume none of us knows anything. Would you kindly let me hear from you as soon as possible that I may answer him?

Yours sincerely,

President.
